hi 🙌 @weirdos

After running the randomizer numerous times for the Muri Whitelist spots we kept running into the problem of picking accounts with very little activity in the server. As you know it's our number one priority to take care of those who support the project and are active members of the community. That being said, we've created two new channels.

MetaBirkins Genesis Holders (My Previous Project) - 25 Muri Whitelist

#deleted-channel - 25 Muri Whitelist

#deleted-channel - 25 Muri Whitelist

All remaining to be raffled at a random time later today in a 2-minute raffle bot in a random channel. We hope you understand 😊

gm ☀️ @weirdos

Things are about to get weird.. T-minus two weeks until **MINT DAY** ✨

- Whitelist (@weirdlist) spots are getting more and more scarce as we get closer to mint, the remaining spots will be hand-chosen by the team for active members of the community, challenge participants, # 🐻 I fan-art, etc.
- React with 🛍 if you want some Official Weird Merch previews!!
- @wgmi we'll be laying our your perks today and gifting a few @wgmi roles to some of the server's best community members!!! (edited)
